

Brand Guide

Official guidelines for the OpenmindProjects platform. This guide provides our color palettes, typography, and UI principles for creating a consistent experience.

1 Core Identity & Logo

PRIMARY LOGO (LIGHT/DARK)

INVERTED LOGO

Usage Rules: Always maintain clear space around the logo. Do not distort, stretch, or apply drop shadows to the mark. The "Openmind" portion is always solid (Slate-900 or White), and "Projects" uses either Hub Blue or Hub Yellow depending on background contrast.

Color Palette

Our color system is built on a vibrant, purposeful palette. These distinct colors should be used intentionally to direct attention and convey status.

Hub Blue

#4285F4

Primary brand accents, primary buttons, actionable items.

Hub Red

#EA4335

Alerts, errors, destructive actions, important calls to action.

Hub Yellow

#FBB03B

Warnings, secondary highlights, energetic accents.

Hub Green

#34A853

Success states, confirmations, growth indicators.

Hub Dark

#202124

Deep background elements, highest contrast text.

DISPLAY FONT

Outfit

Used for all major headings, hero sections, and display numbers.

Light 300

Hero headings, large impact text

Medium 500

Section headings, card titles

Bold 700

Emphasis and short titles

BODY FONT

Inter

Used for all interface elements, body copy, and UI components.

Regular 400

Standard body text, descriptions, articles

Medium 500

Buttons, navigation, UI labels

BOLD 700 UPPERCASE

Microcopy, tags, section eyebrows
